

WEST HARRIS COUNTY REGIONAL WATER AUTHORITY

September 23, 2015

TO: Utility Districts; the Cities of Houston, and Katy, Texas; Non-District/Non-City Well Owners within the West Harris County Regional Water Authority

FROM: West Harris County Regional Water Authority (the “Authority”)

RE: Notice of Harris Galveston Subsidence District (HGSD) Well Permit Period Change

The Authority was granted permission to change their well permitting period from ending in the month of November to ending in the month of December.

Changing the permit schedule from the current 12 month period of December through November to the new period of January through December will save time and resources by streamlining the annual end-of-year and the end-of-permit reporting process.

The Authority will have a thirteen month permit during the 2015-2016 permitting period (December 1, 2015 through December 31, 2016) to accomplish this transition. During the 2016-2017 permit period the Authority will return to a 12 month term (January 1, 2017 through December 31, 2017).
